

Fire and Life Safety Educator Quarterly Training
Monday, 9 November 2020
9 a.m. – 12:30 p.m.
Conducted virtually via Go-To-Meeting

5241: Fire and Life Safety Educator Quarterly Training

This course is designed to address the job performance requirements outlined in NFPA 1035 (Fire and Life Safety Educator). In addition to providing continuing education for fire and life safety educators, updates on state programs will be given and there will be an opportunity for virtual professional networking. This class is also appropriate for public educators who work with emergency medical service and law enforcement agencies.

Topic: Winter Safety

Winter storms are not frequent in South Carolina as they are in other states. Therefore, our preparedness may not be as in depth as, for instance, it is for hurricanes. Topics presented this month will cover safety in and out of the home during winter months. Presenters from South Carolina Emergency Management Division, South Metro Fire Department in Colorado and South Carolina State Fire will offer training that you can add to your programs in order to better prepare your communities.

Registration: Please use this [link](#)
